

## Lukewarm Life (G) – Revelation 3

### VERSE 1

Well, I've become rich, and I don't need a thing  
I have everything I want, I've got the world on a string  
See I've acquired wealth, so I got some cool clothes  
That I bought for myself, so I won't be exposed

### CHORUS 1

And I'm lovin' lovin' lovin' my lukewarm life  
Not too big, not too little, I keep it right down the middle  
Got no peace but I got no strife  
And I'm good good good at playin' it safe  
Oh, nice and easy does it, man I sure am lovin' my lukewarm life

### VERSE 2

What's so wrong with a little comfort, a life free from suff'ring and pain  
It couldn't possibly be Your will Lord for me to go 'gainst the grain  
I'm not a fan of negativity with these harsh things You have to say  
So tell me something that I want to hear, or I just might turn the other way

### CHORUS 2

Well, I was lovin' lovin' lovin' my lukewarm life  
But You cut me like a sword with your not-so-nice words  
Now hold on, Jesus, did I hear You right?  
Did I hear You sayin' sayin' sayin' "either hot or c-c-c-cold"  
Man, it seems to me that You're a tad-bit extreme for my lukewarm life

BRIDGE (Walk-up = G-G/B-D-Em)

Em G . . .  
Well, maybe I'm beginning to realize that maybe  
G-G/B-D-Em  
Maybe You know me better than I know myself  
Em D D7  
And maybe I need You to open up my eyes, so I can put my pride up on the shelf  
Am7 Am7  
And maybe, Lord, I'm gonna need a little help

CHORUS 3

G Am-G/B C  
I hear You knockin' knockin' knockin' on the door of my heart  
G Am-G/B A7 D - D7  
I wanna open up inside, invite You to abide, and clean out every part  
G Am-G/B C - G/B - A7  
'Cause I know that I am a pitiful wretch  
G/D C/D  
I'm desperate and lowly, I need You to clothe me  
G/D C/D  
I'm naked and blind, Father open up my eyes  
G/D C/D  
I'm a big hot mess, but Jesus come and be my guest  
G/D C/D  
And I'm so sick and tired, Lord, refine me in the fire  
G/B B/D# Em C Am7 C2/D G - Dm/G - C/G  
I wanna start livin', oh God I am giving up . . . my luke . . . warm . . . life
